Key To Success	<div>1. Go Pro by Eric Worre (Book)</div> <div>2. Building My Empire (Book)</div> <div>3. Jim Ron Building My Network Marketing Business (Audio on YouTube)</div>	These 3 are key for your success; begin on them from day 1
Use The Quantum App System	This is your virtual upline	Go through the Quantum tutorial video.
Grow Your List	<div>Add 3 new numbers daily to your list</div> <div>3x 365 Days = 1,095 Numbers</div>	With all business, you need big investments, take high risk and wait for a return someday. In this business, your biggest currency is people. There are 7 billion people, how many of them you know personally? You only need 2-4 diamonds to be a million-dollar earner a year. So out of 7 billion people, can you at least speak to 1,000 people to get 2 to 4 people to make your dreams a reality?
Commit For 18 Months	Buy the subscription you would want to promote. You cannot sell something you have not experienced it yourself; it will lack authenticity when you promote it.	Most give up because they don't give themselves the time to gain knowledge and learn necessary skillset to succeed. Most people want everything fast—the magic pill for success. Success needs faith, belief, skills, knowledge; these must be gained over time. It's important you follow the steps for success as most people skip the steps.
4 Weekly Presentation	Invite new guest to at least 4 different weekly presentations	The law of averages, remember you only need 2 diamonds in your team to live your dreams. But these 2 are out there so you must follow the system to find them. They may be the people you know, or the people you don't know—or the one's they know. We will help you find them. The goal is not to recruit people rather be a consultant to solve people problems.
24 to 72 hours Launch	<div>This is the most important part.</div> <div>Get every new member started properly by following the launch system</div>	You must get your prospect to see the information again within 24 to 72 hours and break down the info by using proper launch process or else their interest will drop. Most people don't understand anything the first time when they see new information. Remember confused people do nothing.
Follow Up	Timing is the key. People don't say NO to you. They say "not now". In time they will start, so follow up every month.	Key skill you will master it over time.. trust the process
Promote The Next Event	Become master at promoting BE events and one day the event will promote you. Online calls or offline live events.	Key skill you will master it over time.. trust the process
Read Your Why Daily Morning/Evening	It will be a roller coaster journey so never forget why you started. Read your 'Why' twice every day.	99% of the people don't do it. To be at 1% you must
Never Miss A Training Calls Or Events	Remember those who have the willingness to learn are those who earn. You can never know it all so always have an empty cup to add more wisdom.	Consistency is key.
Personal Growth/ Self-Motivation	Jim Ron, Les Brown, Eric Thomas, Tony Robbins, napoleon hill, dale Carnegie	Listen to motivation video every morning to self motivate and take action towards your dreams.
10 Books To Read To Get Wealthy	<div>1. Think and Grow Rich</div> <div>2. How To Win Friends & Influence People</div> <div>3. Go Pro - Eric Worre</div> <div>4. Building My Empire</div> <div>5. First Year in Network Marketing</div> <div>6. Greatest Sales Man In the World</div> <div>7. Richest Man in Babylon</div> <div>8. The Compound Effect</div> <div>9. The Science of Getting Rich</div> <div>10. The Secret</div>	<div>First 2 books begin from</div> <div>1. GoPro by Eric Worre</div> <div>2. Think and Grow Rich</div>
Gratitude and affirmation	<div>1. Daily habit: speak of 10 things you are grateful for today</div> <div>2. Visualise a life with full of freedom and see what that looks like. And speak it every morning as if you already have that life you desire.</div>	<div>List down 10 things you are grateful for and say it each day. Or say thank you to something you don't have yet but wish to have.</div> <div>Example: Thank you for the dream house now that I am living in. It maybe true that you don't yet have it but your subconscious mind doesn't understand that and it will only believe what you speak or see. And if you believe you can achieve so go ahead write that wish list and start speaking about it like you already have it.
